What is JORBA?

The **Jersey Off Road Bicycle Association**, founded in 1999, is a 501(c)3 non-profit organization which is dedicated to serving off road cyclists as a member of equal standing within the trail user community. Our focus is to build and maintain sustainable multi-use trails, organize and encourage volunteerism and responsibility, and advocate and foster mountain biking as a healthy, environmentally sound, and sustainable activity.

What do we do?

Trail Building and Trail maintenance

New Jersey off-road cyclists share the common desire for legal trails throughout the state and JORBA has a passion for building legal, sustainable single-track. We work closely with land managers to build trails according to the practices taught to us by the International Mountain Bike Association (IMBA). Additionally, our members work with their local JORBA chapters to maintain trails and keep them open, clear of debris and fun! We promote sustainable, low impact trail use and work as partners with national, state and local land managers.

Trail Access

JORBA's mission is to work with land managers, park officials and other trail user groups to gain and maintain access to trails. JORBA representatives work on the local, state and federal level as trail advocates.

Riding

JORBA has members all over New Jersey. We organize group rides and skills clinics for all ability levels and ages. Our chapter leaders and volunteers love to showcase the trails they maintain and are always willing to give a tour of their home trails or just go for a ride. We also travel to destinations around the region to ride with our neighbor clubs.

INTERNATIONAL MOUNTAIN BICYCLING ASSOCIATION

JORBA is an International Mountain Bike Association Supporting Organization

IMBA's worldwide network includes over 80,000 members and supporters, more than 650 bicycle clubs and many corporate sponsors. IMBA's members are from all 50 states, all over Canada and 30 other countries.

How do I join?

Visit us online at www.join.jorba.org for membership levels and pricing. New Jersey's bicycle trails do not build and maintain themselves! We need YOU to help maintain the voice of New Jersey mountain biking! Questions? Please email us here: info@jorba.org
